PROFESSIONAL SUMMARY

Recent Computer Information Systems graduate with a 3.77 GPA and Certificate in Software Development, bringing 13+ years of professional experience utilizing customer service, training, inventory/audit, and problem-solving skills. Adaptable, lifelong learner with hands-on technical coursework and project experience. Comfortable learning new systems, working through unfamiliar problems, and communicating solutions in a clear and helpful manner.

EDUCATION

Johnson County Community College | May 2026
Associate Degree, Computer Information Systems | Software Developer Certificate | GPA: 3.77

Relevant Coursework: Systems Analysis & Design, Database Management, Java Programming, Object-Oriented Programming, PHP/MySQL Web Development, Unix/Linux, JavaScript, Big Data Architecture, Software Testing, Capstone Project

Truman State University | 2012

Bachelor of Arts in Music | GPA: 3.65

TECHNICAL SKILLS

Languages: SQL | Python, PHP, JavaScript | Java, C++, C# | HTML, CSS

Frameworks: Django, Spring Framework

Databases: MySQL, Oracle Database, SQLite

Tools and Platforms: Jira (Atlassian) | Git, GitHub, GitLab | Docker | VS Code | DBeaver, MySQL Workbench | Linux/Unix, Bash | PythonAnywhere, Netlify, Cloudflare

Software Quality and Analysis: Automated Testing (Playwright, Selenium) | Manual Testing, Functional Testing, Exploratory Testing, Regression Testing, UAT | Test Case Development, Defect Documentation, Debugging | Agile, Kanban, SDLC | Systems Analysis, UML, Requirements Gathering | REST APIs

Networking: TCP/IP, OSI Model | IPv4 Addressing | Routers & Switches, LAN/WLAN Fundamentals | Basic Network Troubleshooting | Cisco Packet Tracer

Generative AI: AI-Assisted Development, ChatGPT, Codex, Claude, Gemini

SELECTED TECHNICAL PROJECTS

Indian Creek Cycle Rentals - Capstone Project | May 2026 | indiancreekcycles.com

- Collaborated with a development team to design, build, test, deploy, and support a Django bicycle-rental application using Python, SQLite, HTML, CSS, JavaScript, and GitLab.
- Created manual test cases and defect reports; performed functional, exploratory, regression, and cross-device testing; verified fixes; and supported SQL data, hosting, domain configuration, and application updates.

KatieGarcia.dev - Developer Portfolio | 2026

- Built and deployed a portfolio presenting software projects, technical skills, and SQL work using Git-based version control, a custom domain, and Netlify cloud hosting with Cloudflare DNS/domain management**.**

MarcGarciaTrumpet.com - Client Website | June 2026

- Designed, developed, and deployed a responsive website for a professional trumpet performer and educator; continue to manage hosting, domain configuration, updates, and functional testing.

Shopping Tracker Database | SQL, MySQL, DBeaver | July 2026

- Designed a normalized relational database with primary and foreign keys, joins, queries, and CRUD operations to organize and retrieve shopping data.

QuestionPunk – Automated QA Testing | Playwright, Selenium, JavaScript | September 2026

- Explored website functionality and developed automated tests using Playwright and Selenium to validate essential user workflows, including navigation, sign-in links, and email input validation.
- Documented usability observations and potential improvements to the user experience.

PROFESSIONAL EXPERIENCE

Walmart Distribution Center - Harrisonville, MO | Associate, Trainer, Strays & Damages, Loader, Order Filler | 2023-2026

- Maintained quality and accuracy in a high-volume environment, processed strays and damages with accurate documentation, trained associates, and worked across operational functions while meeting performance standards.

ALDI Distribution Center - Olathe, KS | Shift Supervisor, Inventory Specialist, Quality Control Produce | 2016-2023

- Investigated inventory discrepancies through audits and system reviews; maintained inventory records; ordered inventory using projections; created daily reports; coordinated with suppliers and internal teams; and made product acceptance or rejection decisions using established quality standards.
